Introducing **GraniteFX™** —  
an attractive new line of  
textured silicone for cultured  
granite applications.

GraniteFX offers a versatile  
and affordable solution for  
creating smooth transitions  
in tub/shower surrounds and  
between back/side splashes  
and cultured granite counter  
tops. Available in a variety  
of popular granite colors,  
GraniteFX offers the ability  
to use one silicone color  
across several different  
manufacturers' brands of  
cultured granite. Custom  
colors are quickly created with  
minimum requirements.

Easy-to-use, GraniteFX offers  
hassle free application,  
requiring no special tools or  
application methods. Simply  
apply as a typical solid  
silicone product—resulting  
in exceptional granite  
effect results.

# GraniteFX™

## Features

- 100% neutral cure silicone with Poly Chips® granules
- Mildew resistant
- Seals out water
- 10 fluid ounce tube covers 25 linear feet at 1/4" x 1/4" bead size
- Uses standard caulk gun for dispensing
- Excellent UV resistance—10,000 hours QUV tested
- 350% elongation
- Tack free in 20 minutes
- Full cure in less than 24 hours
- 12 month shelf life\*\* at standard room temperatures

## Benefits

- No shrinking
- No minimum order requirements on standard color line
- Custom colors available with three week lead time and a batch-yield (appr. 48 tubes) per custom color
- GraniteFX tube comes with a cap to seal tip and extend product life-time after tube is opened

## Application

- Surface area should be free of debris and completely dry
- Using easily removable tape—such as masking tape—tape-off the area to be sealed with GraniteFX
- Insert GraniteFX tube in standard caulk cartridge
- Cut nozzle at desired opening size
- After applying silicone bead, smooth with caulking tool or finger
- Remove tape
- Silicone will fully cure within 24 hours

Example of GraniteFX silicone applied to a corner.

\*Minimum order requirements for custom colors.

\*\*12 months on sealed (unused) tubes.

Colors shown on reverse are representational and vary from actual silicone material.
