

My first mention of Team National was in the way of a call from my sister-in-law to my wife. She was telling her of this great company they just joined and wanted us to get in on it, yea right (If any of you reading this know me you also know I'm not easily sold). I quickly told her that I had no interest in any multi level marketing program. She proceeded to tell me of the program but my ears had already tuned to something else. A call from my second sister-in-law a few days later caught me in a different mood and I decided to listen when I heard that the program included a Business Exchange that may be of interest to me.

I took the time to meet with someone from the Team and I got very excited, not about the money I could make with down line income but with the Business Exchange and how it could help my company. Their website is currently getting something like 1 million visits a month, all of them potential customers for me. As a member you can search for companies by name or by zip code, these exchange members offer discounts to other members like we now do. The discounts vary from 1% to 25% and they are simple to obtain. We offer 5% across the board (excluding Festool, E-Template and Flooring).

The membership also includes the opportunity to have a website that enables you to shop online for things you already use and get a cash back bonus. You can shop at numerous stores (and the number grows monthly) like Wal-Mart, Home Depot, Best Buy, Starbucks and more. When you shop online at these stores you get a rebate check the following week that ranges from 1% to 25%. The first week I got my membership I made a purchase from Best Buy and got a check back for \$60.00. They also have a link to restaurants.com where you can purchase \$25.00 coupons to local restaurants for just \$10.00 and you get an additional 25% back in a rebate so you end up saving \$17.50.

When you join all your children are automatically enrolled at no charge. They can enjoy all the benefits you do for as long as you do. As a Premium Business member you can register up to 5 employees at no charge, a great perk as far as I'm concerned. The benefits range from a discount on a cup of coffee to huge savings on a new car and the list keeps growing.

If you'd like more information you can call me direct at 800 669 5519 ext 101 and I'll tell you more about it. Please understand that I'm not trying to sell you the program but I do feel it's a great value, especially if you own a business. To take advantage of our 5% discount you do have to be a member. If you are a Team National member call us for your discount code to use at checkout on the website.
