

If you're a regular customer you'll see that we have a whole new look. As a matter of fact we have a whole new site with hundreds of new products. We have a login now so you don't have to enter personal info every time you order. We also have a Wish List that can be used to store items you order on a regular basis. This could save time if you just need to reorder.

For all you new customers...Welcome! Specialtytools.com has been servicing fabricators for over 20 years now. Our product lines run from router bit and sandpaper to boring machines and forming ovens. If we don't have what you need please call us and we'll try to track it down.

If you're purchasing on our site for the first time I'd like to offer you \$10.00 of your order of \$100.00 or more. Simply use the coupon code FONS at checkout.

If you have any questions or comments please email me at [john@specialtytools.com](mailto:john@specialtytools.com)
